

ASBESTOS FREE PRODUCTS

Anchor Harvey is proactive on all compliance matters and is committed to ensuring that the products it manufactures or sells meet or exceed applicable safety and related standards, including any asbestos regulations requirements.

Anchor Harvey certifies that no asbestos materials or components containing asbestos are utilized in the manufacturing, assembly, or sub-assembly of any Anchor Harvey products.

This certification is based upon information provided by our manufacturing partners and suppliers of components, materials, and subassemblies used to manufacture Anchor Harvey products.

Anchor Harvey will endeavor to update or modify this certification should any changes occur in the composition of its products or the asbestos regulations requirements by any applicable organization.
